### CORPORATE OVERVIEW

Founded in 1996, CP Lab Safety is a woman-owned, small business certified S-Corporation with majority shares owned by President and CEO, Kelly Farhangi. Located in Novato, California, CP Lab Safety manufactures environmentally conscious laboratory safety products and distributes top quality lab and industrial products.

CP Lab Safety's patented signature product, ECO Funnel®, has revolutionized the way open waste containers are handled and is used at leading pharmaceutical, biotech, industrial, academic and government institutions worldwide. Through an extensive portfolio of more than 8,000 other safety products and broad understanding of OSHA and EPA regulations, CP Lab Safety helps facilities reduce their waste emissions, reduce the risk of fire, and reduce workers' exposure to toxic fumes.
